Nature Of Opinion

Docket Number: WS-02987A-16-0017

Docket Position: Against

Please do not drop this rate case. This case needs to be heard and in my opinion Johnson Utilities must live up to its contracts and provide the water to Swing First Golf, LLC at the previously contracted rate. If Johnson Utilities LLC does not wish to provide effluent water any longer, then they need to provide regular water at a discounted rate. The increased rate would place a hardship on Swing First Golf and would put it out of business, causing a decrease in home values in an already financially unsteady rural area.

-----------------------------------------	---------------------------------

Johnson Utilities LLC, dba Johnson Utilities Company is planning on increasing the water rate for the Johnson Ranch Golf Course. This is an unfair tactic that will cause the Golf Course to go out of business. This will have a negative impact on the community and will devastate the prices of homes now that they are finally recovering. Please look into this closer before any rate changes are approved.

Please allow Johnson Ranch Golf course to be heard in this case and do not dismiss this case. This decision will effect many if not all of the businesses in San Tan Valley and all the people living in and around this area. There must be a reasonable solution to this that has not been researched which will have a positive outcome. I trust in the system and the people herein.
